Future of HealthC.A.R.E. Program  
(Career, Academic Readiness, and Exploration for Students)

March 14, 2022

# Today's Presenters

Ashley Stewart  
Director of Programs

Kiydra Harris  
Program Officer

The **MISSION** of The Rapides Foundation is to improve the health status of Central Louisiana.

Our **VISION** is to positively impact Central Louisiana by deploying resources to improve key factors of health status.

# Service Area

# Our Work

## Healthy Communities

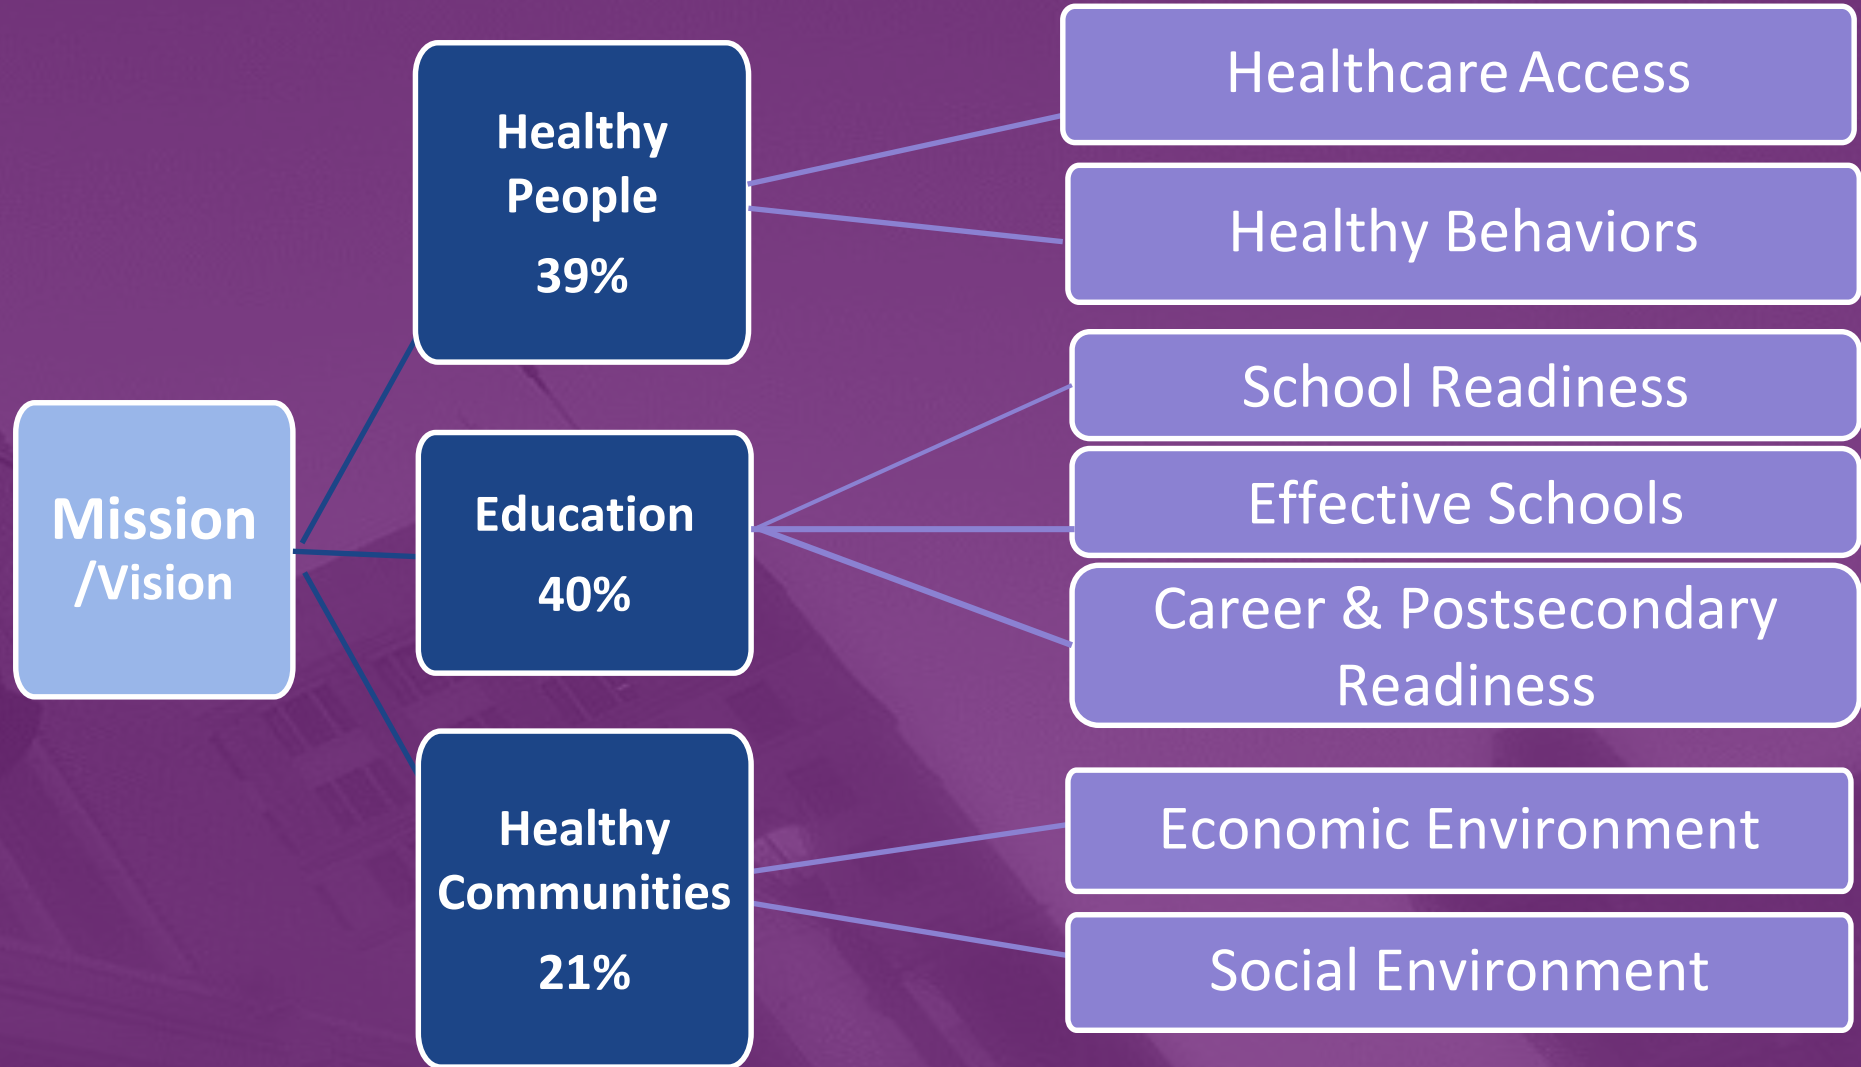

## Education

## Healthy People

# Focus Areas

# 2021 Healthcare Workforce Analysis

- All parishes in TRFSA are designated as a primary care health professional shortage area (HPSA) and as a mental health professional shortage area.
- There will be an estimated 10% increase and almost 1,000 annual openings across all healthcare occupations.
- This growth, combined with the existing shortage, high-turnover nature of healthcare fields and the looming retirement of baby boomers, highlighted the need to address current and future gaps in the healthcare workforce.

# Past Healthcare Funding

- Nursing Capitation Grants (2010-2016)
  - Continued state capitation funding to ensure the nursing enrollment pipeline stayed intact.
- Healthcare Occupations Grants (2016-Present)
  - \$5.5 million to local postsecondary institutions to increase graduates in healthcare fields. *(Round 2 Funding opportunity is currently open.)*
    - Strengthened student retention activities.
    - Increased clinical faculty.
    - Created new program offerings and expanded current offerings.
    - Added resources for students studying for licensure exams.
- Workforce Opportunity Grants (2015-Present)
  - Supports collaborations between industry and postsecondary institutions to offer short-term training for in-demand, high-wage occupations.

# Future of HealthC.A.R.E. Program

- Builds on past efforts.
- Uses the grow-your-own model.
- Will help our students and community be aware of the healthcare careers available locally.
- Will ensure students have access to opportunities, education, and experiences needed to prepare them for healthcare career pathways.

# **Future of HealthC.A.R.E. Program** **(Career, Academic Readiness, and Exploration for Students)**

# Purpose for Request for Proposals

- The goal of the funding opportunity is to increase the number of qualified students from the Foundation's nine-parish service area **enrolling in healthcare training programs or entering into the healthcare workforce.**
- The funding opportunity will provide support to develop and implement **K-12 strategies** to accomplish one or more of the following objectives:
  - 1) Increase awareness and exposure to healthcare occupations;
  - 2) Prepare students for the academic rigor of healthcare training programs; and
  - 3) Increase or build technical skills needed to work in healthcare occupations.

# Purpose for Request for Proposals

- This grant offering does not accept proposals to supplant or maintain current program activities. However, it encourages the following types of projects:
  - Projects to create or expand access to healthcare career exploration and awareness activities.
  - Projects to academically prepare students for healthcare training programs and admission requirements (e.g. dual enrollment, advanced placement classes, tutoring, remediation, study skills, experiential learning, STEM opportunities).
  - Projects to create or expand access to Jump Start Health Science Pathways.
  - In-school, after school or summer programs to address any or all of the objectives
  - Efforts to ensure teachers and school counselors are aware of requirements for entering healthcare training programs and professions schools.

# Eligibility Requirements

- Grant applicant must meet all of the following requirements:
  - Classified as a Section 501(c)(3) tax-exempt organization or a government entity.
  - Cannot be a private foundation under Section 509(a).
  - If a postsecondary institution, must be accredited by either The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) or Accrediting Commission of the Council on Occupational Education (COE).
- Grantees are encouraged to partner with other nonprofits, school districts, municipalities, or educational institutions. All funded projects must be offered in The Rapides Foundation's nine-parish service area.

# Funding Guidelines and Grant Term

- Competitive grant opportunity.
- Evidence-based strategies.
- Programs must work with students in grades K-12.
- Programs must be within The Foundation's nine parish service area.
  - Allen Parish, Avoyelles Parish, Catahoula Parish, Grant Parish, LaSalle Parish, Natchitoches Parish, Rapides Parish, Vernon Parish and Winn Parish

# Funding Guidelines and Grant Term

- The grant offering does not accept proposals to supplant or maintain current program activities.
- Grant funding must align with project needs and must be used to implement strategies that will lead to one or more of the three objectives.
- Funding request should be appropriate for the number of students impacted.
- Multiple applications per organization will be considered.
- Grant term will be up to 68 months, beginning November 1, 2022, and ending June 30, 2028.
- All funded projects can include a seven-month planning and start-up period from November 1, 2022 to May 31, 2023.

# Funding Guidelines and Grant Term

- Allowable expenditures:

- Faculty, staff, or contract employee costs
- Operating costs directly associated with a new or expanded program
- Stipends for existing faculty or teachers taking on additional responsibilities (irregular instruction hours)
- Supplies and materials
- Fees, registration, tuition, convening and facilitating expenses
- Training equipment\*.
- Renovation/construction costs.\*

\*Any renovation, construction and equipment costs must be explicitly linked to program enhancements and, combined, are limited to 15% of the total request.

# Funding Guidelines and Grant Term

- Non-allowable expenditures:

- Supplanting existing resources.
- Lobbying or political programs or events.
- Biomedical, clinical or educational research.
- Direct support to individuals or endowments.
- Individuals, including patient assistance funds.
- Social events or fundraising efforts.
- Projects outside of the Foundation's service area.
- Direct funding for medical or social services already funded through existing third-party reimbursement sources.
- Operating expenses not used for significantly expanding the services of ongoing programs.
- Vans or other vehicles.

\*Please refer to RFP for full details on allowable and non-allowable expenditures.

# Submission Guidelines

- Two stage proposal:

- Letter of Intent (LOI) due: April 25, 2022.
- Notification of accepted LOIs: May 20, 2022.
- Full Proposal due: August 8, 2022.
- Notification of selected proposals: October 3, 2022.
- Grant start date: November 1, 2022.

- Only applicants with an accepted Letter of Intent will be eligible to submit a full proposal.
- Prospective applicants are encouraged to schedule a call or meeting with Foundation Staff to discuss alignment and feasibility of their project.
- LOIs should be limited to **two to four pages** and will only be accepted through the Foundation's online portal.

\*Documents must be fully submitted by 1:00 p.m. on the above dates.

FUTURE OF HEALTHC.A.R.E. PROGRAM GRANT

Future of HealthC.A.R.E. Program Grant

Wednesday, March 2, 2022

Future of HealthC.A.R.E. Program Grant

The Future of HealthC.A.R.E. (Career, Academic Readiness and Exploration for Students) Program Grant funding opportunity is open. Accredited postsecondary institutions, nonprofits or governmental entities are invited to apply for this funding opportunity. Letters of Intent submissions are due by Monday, April 25, 2022, no later than 1 p.m. CT. If applicants are invited to submit a Full Proposal, submissions will be due by August 8, 2022.

Purpose

Access to quality healthcare services is important to reduce health disparities and improve health status. Availability of qualified healthcare professionals is often cited as one of the main barriers limiting care.

The purpose of the Future of HealthC.A.R.E. (Career, Academic Readiness and Exploration for Students) Program Grant is to increase the number of qualified students from the Foundation's nine-parish service area enrolling in healthcare training programs or entering into the healthcare workforce. The funding opportunity will support the efforts of nonprofit organizations, public and private school districts, and accredited colleges and universities to develop and implement K-12 strategies to accomplish one or more of the following objectives:  
1) Increase awareness and exposure to healthcare occupations.  
2) Prepare students for the academic rigor of healthcare training programs.  
3) Increase or build technical skills needed to work in healthcare occupations.

Grant Awards

The grant term will be up to 68 months, beginning November 1, 2022, and ending June 30, 2028. All funded projects can include a planning and start-up period starting November 1, 2022, and ending no later than May 31, 2023. The Foundation will consider multiple applications per organization for this opportunity. This is a competitive grant application process and available grant funding from The Rapides Foundation is limited. Grant funding must align with project needs and must be used to implement K-12 strategies that will lead to one of the three objectives.

All funded projects must be offered in The Rapides Foundation's nine-parish service area. Applicants are encouraged to partner with other organizations. Applicants should thoroughly review the Request for Proposals and other key documents included in the Key Materials section (in right column) to see full details, application process and proposal requirements.

Eligibility Requirements

The grant applicant must meet all of the following requirements:

- Classified as a Section 501(c)(3) tax-exempt organization under the Internal Revenue Code or a governmental entity.
- Cannot be a private foundation under Section 509(a).
- If a postsecondary institution, must be accredited by either The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) or Accrediting Commission of the Council on Occupational Education (COE).

Proposal Submission Process

The Future of HealthC.A.R.E. Program Grant consists of a two-stage submission process. The first stage is submission of a Letter of Intent (LOI) using The Rapides Foundation's online application process only. Letters of Intent that are approved by the Foundation's Board of Trustees at its May 2022 meeting will then be invited to submit a Full Proposal of their project. To see full details of the LOI and Full Proposal stages, please refer to the Request for Proposals.

Interested applicants are encouraged to contact The Rapides Foundation for guidance before submitting their proposal package. Contact information is located in the right column.

Key Dates

Monday, March 14, 2022 at 1:00 p.m. CT: Informational Webinar  
Monday, April 25, 2022, no later than 1:00 p.m. CT: Letter of Intent Submission Deadline  
Friday, May 20, 2022: LOI Notification of Selection  
Monday, August 8, 2022, no later than 1:00 p.m. CT: Full Proposal Submission Deadline for Selected Applicants  
October 3, 2022: Notification of Award

Informational Webinar

An Informational Webinar will be held on Monday, March 14 at 1:00 p.m. to discuss the details of this funding opportunity and answer any questions applicants may have. Registration is required to receive a link to join the webinar. To register, click the button below.

CLICK TO REGISTER FOR WEBINAR

After registering, you will receive a confirmation email containing information about joining the meeting. (Be sure to check your spam folder if you do not receive the email.)

Letter of Intent Submission

Letter of Intent deadline: April 25, 2022, no later than 1:00 p.m. CT.  
All LOIs must be submitted using the online submission process.  
*Please note: the LOI must be fully submitted by the deadline, therefore, you must begin uploading the completed proposal prior to that time. It is suggested you allow a minimum of three (3) hours for the upload process.*

# THE RAPIDES FOUNDATION

Healthcare Access Initiative

## Future of HealthC.A.R.E. Program

(Career, Academic Readiness and Exploration for Students)

Letter of Intent Deadline: Monday, April 25, 2022; 1:00 p.m. CT

Full Proposal Deadline: Monday, August 8, 2022; 1:00 p.m. CT

### I. Introduction

The mission of The Rapides Foundation is to improve the health status of Central Louisiana. The Rapides Foundation focuses its work in three strategic areas:

- Healthy People - to improve access to healthcare and promote healthy behaviors;
- Education - to increase the level of educational attainment and achievement as the primary path to improved economic, social and health status; and
- Healthy Communities - to improve economic opportunity and family income, and enhance civic and community opportunities for more effective leaders and organizations.

Through the Future of HealthC.A.R.E. (Career, Academic Readiness and Exploration for Students) Program, The Rapides Foundation will address the shortages in the healthcare workforce by supporting the development of an ongoing pool of students with an interest in pursuing healthcare careers and who are academically prepared to meet admission requirements and succeed in the rigorous postsecondary training programs.

This is a two-stage application process consisting of a Letter of Intent (LOI) and a Full Proposal. Applicants asked to continue to the second stage will be provided with specific information to guide the development of their Full Proposal. The target population for this funding opportunity is students in grades K-12 within the Foundation's nine-parish service area. The grant term can be up to 68 months, ending no later than June 30, 2028.

### II. Background

Access to quality healthcare services is important to reduce health disparities and improve health status. Availability of qualified healthcare professionals is often cited as one of the main barriers limiting the ability of providers and communities to provide access to high-quality healthcare services. Through its Healthcare Access Initiative, the Foundation seeks to reduce the supply and demand gap in the healthcare workforce by providing funding opportunities for strategies that address the local factors contributing to the shortage.

The Rapides Foundation began an initial analysis of the healthcare workforce landscape in 2016. Based upon the collective quantitative and qualitative data, it was clear that there was an overwhelming need for quality healthcare professionals. The study also highlighted that the current level of graduates from healthcare programs was not meeting the employer demand. To address the supply and demand gap, in 2016 the Foundation developed the Healthcare Occupations Program Grant to increase the number of graduates from healthcare programs of Qualifying Educational Entities. Six grants, totaling more than \$2.1 million, were awarded to four local Qualifying Educational Entities. The programs resulted in over 130 additional healthcare

### Healthcare Access Initiative Future of HealthC.A.R.E. Program (Career, Academic Readiness and Exploration for Students)

**Letter of Intent Deadline: Monday, April 25, 2022; 1:00p.m. CT.**

**Full Proposal Deadline: Monday, August 8, 2022; 1:00 p.m. CT**

## Introduction

The mission of The Rapides Foundation is to improve the health status of Central Louisiana. The Rapides Foundation focuses its work in three strategic areas:

- Healthy People - to improve access to healthcare and to promote healthy behaviors;
- Education - to increase the level of educational attainment and achievement as the primary path to improved economic, social, and health status; and
- Healthy Communities - to improve economic opportunity and family income, and enhance civic and community opportunities for more effective leaders and organizations.

Through the Future of HealthC.A.R.E. (Career, Academic Readiness and Exploration for Students) Program, The Rapides Foundation will address the shortages in the healthcare workforce by supporting the development of an ongoing pool of students with an interest in pursuing healthcare careers and who are academically prepared to meet admission requirements and succeed in the rigorous postsecondary training programs.

This is a two-stage application process consisting of a Letter of Intent (LOI) and a Full Proposal. Applicants asked to continue to the second stage will be provided with specific information to guide the development of their Full Proposal. The target population for this funding opportunity is students in grades K-12 within the Foundation's nine-parish service area. The grant term can be up to 60 months, ending no later than June 30, 2028.

## Background

Access to quality healthcare services is important to reduce health disparities and improve health status. Availability of qualified healthcare professionals is often cited as one of the main barriers limiting the ability of providers and communities to provide access to high-quality healthcare services. Through its Healthcare Access Initiative, the Foundation seeks to reduce the supply and demand gap in the healthcare workforce by providing funding opportunities for strategies that address the local factors contributing to the shortage.

The Rapides Foundation began an initial analysis of the healthcare workforce landscape in 2016. Based upon the collective quantitative and qualitative data, it was clear that there was an overwhelming need for quality healthcare professionals. The study also highlighted that the current level of graduates from healthcare programs was not meeting the employer demand. To address the supply and demand gap, in 2016 the Foundation developed the Healthcare Occupations Program Grant to increase the number of graduates from healthcare programs of Qualifying Educational Entities. Six grants, totaling more than \$2.1 million, were awarded to four local Qualifying Educational Entities. The programs resulted in over 130 additional healthcare professionals prepared to enter the workforce and the establishment of the only Master of Social Work program in the service area.

The Foundation updated its healthcare workforce analysis in 2021. Local graduate data and discussions with local postsecondary partners were paired with workforce data, current job listings, and employer surveys. The update showed that gaps between supply and demand were present for nursing professionals and behavioral health professionals, as well as allied health professionals. It also highlights an ongoing shortage in physicians in the service area. The Health Resources & Services Administration (HRSA) reports all parishes in the Foundation's service area are designated as a primary care health professional shortage area and as a mental health professional shortage area. Very rural parishes such as Catahoula and Winn have less than five mental health providers serving the entire parish. Current healthcare workforce projections anticipate that there will be a 10% increase in total healthcare employment over the next 10 years. This growth, combined with the existing shortage, high-turnover nature of healthcare fields and the looming retirement of baby boomers, highlighted the need to address current and future gaps in the healthcare workforce. During the fourth quarter of 2021, the Foundation reopened the Healthcare Occupations Program Grant opportunity to build the capacity of regional postsecondary institutions to increase the number of graduates in three high-demand occupational fields: nursing, allied health and behavioral health.

The Future of HealthC.A.R.E. Program builds on past efforts by providing resources to support strategies to create an ongoing pool of qualified applicants from Central Louisiana who are interested in enrolling in healthcare training programs. This is a grow-your-own model designed to provide health career awareness and exploration opportunities, relevant academic preparation programs and technical skill building opportunities to local students in grades K-12. There is strong evidence to support the theory that health professionals are more likely to consider serving in the community in which they were raised. The Future of HealthC.A.R.E. Program will help our students and community be aware of the healthcare careers available locally and ensure students have access to opportunities that will prepare them to be successful in obtaining the education and experience needed to start their careers.

## Purpose for Request for Proposals

The goal of the funding opportunity is to increase the number of qualified students from the Foundation's nine-parish service area enrolling in healthcare training programs or entering into the healthcare workforce. The funding opportunity will support the efforts of nonprofit organizations, public and private school districts, and accredited colleges and universities to develop and implement K-12 strategies to accomplish one or more of the following objectives:

- Increase awareness and exposure to healthcare occupations;
- Prepare students for the academic rigor of healthcare training programs; and
